Hi Maya,

There were two FOIAs for the same information. I received 2018-001866 from Daniel Lucas with CA DOJ. I have not seen this one 2018-001268 from EDF. Can you track it down for me?

Good afternoon,

Marcia and I spoke earlier in reference to reaching out to the requestor in reference in narrowing the request as this request could involve multiple offices and or regions. We also spoke about an extension as well. Originally I was under assumption the request was still with OAR, however it has been transferred. Once the request is narrowed, I indicated that would determine which office should take the lead based on the volume of records. Lastly, I reiterated memorializing the conversation so communication can be placed in the file for the additional offices so they understand the clarification. Please let me know once the request has been clarified.

I too was in attendance at the agency FOIA conference. If you need additional assistance, please let me know, thanks and have a great day!

Maya Newman

Hi Marcia - this is something that your OECA FOIA Coordinator should be able to assist with. Please start there. If that doesn't get you the help you need, then please contact Chris Creech of my staff and include your FOIA Coordinator on the call. This is not a FEAT FOIA and is not something my office would normally be involved in, but if OECA needs some basic capacity building we are glad to assist. The topic of narrowing requests was discussed extensively at the recent FOIA National Training Conference and I'm sure that OECA was represented there.

Thanks,

Becky

Becky, Per my voice mail. Julia Bunnell suggested that you might have some insight. We would like to try to get this narrowed. It seems impossibly broad, esp. topic 2. Also, the information is across regions, OECA and the air program office.

(2) Copies of all internal correspondence and all correspondence between EPA and outside parties containing:

□ reference to the new source performance standards for the oil and gas sector, Subpart 0000a, or any of the specific reports or regulatory provisions listed above in paragraph (1) of this request; and

□ containing one or more of the following terms:

- o "comply," including any inflection thereof (e.g., "complies," "complying," "compliant," or "compliance");
- o "deadline" or "deadlines";
- o "delay," including any inflection thereof (e.g., "delays," "delayed," or "delaying");
- o "due";
- o "enforce," including any inflection thereof (e.g., "enforces," "enforcing," or "enforcement");
- o "extend," including any inflection thereof (e.g., "extends," "extending," "extension," or "extensions");
- o "postpone," including any inflection thereof (e.g., "postpones," "postponed," "postponing," or "postponement"); or
- o "variance" or "variances."

Thank, in advance

This one is yours David or per Tiffany's note, may belong to OECA. Please review and advise.

Thanks,

Robin

Good afternoon-

I'm seeking your expertise on the enclosed FOIA request. It looks more like something that should belong to OECA. Please let me know if we should reassign it to them.

Thanks,

Tiffany Purifoy
